

Project ZRRIFLE

REPRODUCTION

PROHIBITED

1. Identification: The purpose of Project ZRRIFLE is to spot, develop, and maintain agent assets for Division D operations. Agents will be spotted in several areas, including the United States, but ~~not~~ for operational security reasons will probably not be used in their countries of residence. Present developmental activity is being conducted in the WE and EE areas, but it is anticipated that this will be extended to other division areas. The project will be operated against third country institutions and personnel.

2. Objective: The objective of this project is the procurement of code and cipher materials, in accordance with requirements listed on the Classification Guide, primarily by the National Security Agency. Since these requirements are subject to frequent revision, no listing of targets would be valid for the duration of this project. Specific operations will be mounted on the basis of need and opportunity. The project will be conducted by Division D with assistance from area divisions and stations as ~~needed~~.

REPRODUCTION

PROHIBITED

3. Background: In response to the increasing requirements for the operational procurement of foreign code and cipher materials, Division D in 1960 began the spotting of agent assets as a developmental activity. During the year
